And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first ten days of the Session, the amount to be paid to the

Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees shall be returned.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). NOTICE TO CONTRACTORS

Chilliwack Electoral District

Bridge Project No. 623—Lickman Underpass, Trans-Canada Highway, Mile 128.9, Contract No. 1 (Substructure).

SEALED TENDERS, marked "Tender for Bridge Project No. 623—Lickman Underpass, Contract No. 1 (Substructure)," will be received by the Minister of Highways in his office at the Parliament Buildings, Victoria, B.C., up to 2 p.m. (Pacific Standard time) on Tuesday, the 30th day of January, 1968, and opened in public at that time and date. Contractors are eligible if, at the time when the contract is entered into, the contractor was a resident of Canada or, if the contractor is a corporation, it was, for a period of at least one year immediately prior to that time, incorporated and carrying on business in Canada or the owners of a majority of the shares of such corporation were resident, for a period of at least one year immediately prior to incorporation, in Canada.

This contract consists of the construction of two reinforced-concrete bent pedestals founded on treated timber piles and two reinforced-concrete abutments.

Plans, specifications, and conditions of tender may be obtained from the Department of Highways, Room 1414, 207 West Hastings Street, Vancouver 3, B.C., or from the undersigned, for the sum of ten dollars (\$10), which is not refundable.

Each tender must be accompanied by a certified cheque or a bid bond in an amount equal to five per cent (5%) of the tender price. This cheque or bond shall be forfeited if the tenderer declines to enter into contract. If a bid bond is used, a performance bond in the amount of one hundred per cent (100%) of the tendered sum, in a form acceptable to the Minister of Finance, must then be provided by the successful bidder prior to the award of the contract. If a deposit cheque is used, it shall be retained and forfeited if the contractor fails to carry out the work contracted.

Tenders must be made out on the forms supplied and enclosed in the envelope furnished.

Tenderers are advised that all bidders will be required to satisfy the Minister of Highways, in writing, that they have the necessary qualifications to successfully perform the work. It is preferred that tenderers submit with their tenders a list stating the type, capacity, and present location (so that inspection can be made if necessary) of the equipment in their possession or at their disposal which is immediately available for the carrying-out of the work within the time limit specified without in any way curtailing or delaying any Departmental project that may be under contract at this date.

The contractor and all his sub-contractors shall employ only residents of Canada and shall refrain from discriminating against any person by reason of his race, religion, or political affiliations.

No tender will be accepted or considered which contains an escalator clause or any other qualifying conditions, and the lowest or any tender will not necessarily be accepted.

It is preferred that tenderers submit with their tenders a schedule of proposed construction operations showing estimated monthly progress for each phase of the construction work.

Deputy Minister.

nicipality and (or) downstream therefrom allotted to that participating member municipality by the Regional Board:

And whereas subsection (2) of section 766 of the *Municipal Act* provides that, in addition to the functions conferred by this Act, a Regional Board has such functions as are provided by Letters Patent or supplementary Letters Patent, and for this purpose the Lieutenant-Governor in Council may, on the recommendation of the Minister, provide in the Letters Patent or supplementary Letters Patent such further objects, powers, obligations, duties, limitations, and conditions in respect to any or all functions requested pursuant to this section:

And whereas the provisions of section 766 of the *Municipal Act* have been duly complied with:

Now know ye that by these presents We do order and proclaim that the following be added to the objects, powers, obligations, duties, limitations, and conditions of the Regional District of the Capital of British Columbia, and the Letters Patent of the Regional District be amended accordingly:—

“Division VII.—Trunk Sewers and Sewage Disposal

“1. All member municipalities except the Electoral Areas of Sooke, Salt Spring Island, and the Outer Gulf Islands participate in the function of the regional district provided by this Division.

“2. It shall be a function of the regional district to acquire, design, construct, operate, maintain, renew, and administer trunk sewers and sewage-disposal facilities in substantial accordance with the ‘Sanitary Sewerage Study of The Greater Victoria Area,’ dated June, 1966, prepared by Associated Engineering Services Ltd. (a copy of which is on file in the office of the Inspector of Municipalities), substantially as shown on Figure 19:13, page 177 of the Study, and (or) such alternatives as appear in the Study and are adopted by the Regional Board.

“3. Notwithstanding any other provisions herein contained, the Regional Board shall not exercise the function provided for in this Division with respect to any electoral area until the assent of the owner-electors of that electoral area has been obtained, or alternatively the assent of the owner-electors of that part of the electoral area which could benefit from the construction of the facilities referred to in paragraph 5.

“4. Notwithstanding paragraph 2, if in the opinion of the Regional Board some part of a given area or areas as defined in the ‘Sanitary Sewerage Study of The Greater Victoria Area’ is unlikely to develop within the reasonable life of the facility set out in the said Study, the Regional Board may, prior to the construction of the said facility and with the consent of the member municipality within which such area or areas are situated, amend the design capacity and benefiting area as such capacity and area are specified in the said Study.

“5. The cost of constructing each trunk sewer, including any treatment plant, outfall, pumping-station, and any other sewage-disposal facility related thereto, shall be allotted prior to construction to the participating member municipalities in proportion to the design capacity of that part of the facility within the area of a participating member municipality and (or) downstream therefrom allotted to that participating member municipality by the Regional Board;

provided that for the purposes of this paragraph the Electoral Areas of Colwood and Langford shall be treated as one member municipality. For the purposes of this paragraph, ‘cost,’ without limiting the generality thereof, includes the cost of engineering and design, interest on temporary loans, compensation for works acquired pursuant to paragraph 10, and compensation for real or personal property acquired or taken for the purposes of the facility or injuriously affected by it, and the expenses incurred by the regional district in connection with the determining of such compensation.

“6. The annual cost of the regional district with respect to the operation, maintenance of the facilities referred to in paragraph 5, including annual debt charges related thereto, shall be apportioned among the participating member municipalities on the basis referred to in paragraph 5. Annual administration costs specifically attributable to the function provided for in this Division shall be apportioned in the same manner.

“7. In the event that no other provision is made, the annual cost requisitioned against the Electoral Areas of Metchosin, Langford, Colwood, and View Royal shall be levied and raised in the manner provided by section 784 of the *Municipal Act*.

“8. The Regional Board may enter into an agreement with a member municipality on such terms as are mutually agreed upon whereby such municipality will undertake on behalf of the regional district the designing, construction, operation, and (or) maintenance of any of the facilities of the regional district within that municipality.

“9. Subject to paragraph 8, the power of the participating member municipalities to construct the works referred to in paragraph 2 shall be transferred to the exclusive jurisdiction of the regional district; provided that a member municipality may proceed on its own initiative with any such work within its own boundaries, that the Regional Board is unable or unwilling to construct at that time, the design of such work having been approved by the Regional Board, or on a reference under paragraph 15.

“10. Where an existing facility of a municipality is to be used, enlarged, or replaced as part of the works referred to in paragraph 2, the regional district shall acquire such facility and compensate the municipality on the basis of the unused life of the facility. The unused life shall be determined by assuming the cost of the facility at current construction costs and depreciating over a 100-year period on a straight-line depreciation basis, unless in the opinion of the Regional Board the lifetime is substantially less. The compensation shall be amortized by equal annual instalments over the term of the first debenture issue of the regional district for the purpose of financing the facility of the regional district to which the facility so acquired relates, and each instalment shall be credited to the municipality on the annual requisition on the municipality by the Regional Board.

“11. The Regional Board, prior to the construction of any of the facilities referred to in paragraph 2, may make interim provision for sewage disposal, the cost thereof to be apportioned in the same manner as provided in paragraph 5.

“12. The regional district shall have power at any time to enter upon any lands, streets, waters, or watercourses, without the consent of the owner thereof,

for the purpose of making surveys and other examinations to determine whether or not the same are required in the carrying-out of the function provided for in this Division.

“13. (a) The regional district may carry any sewer, drain, or other works through, across, or under any street, in such manner as not unnecessarily to obstruct or impede travel thereon, and may enter upon and dig up any street for the purpose of laying sewers, drains, or other works and of maintaining, repairing, and renewing the same. In entering upon and digging up any street, the regional district shall be subject to such reasonable terms and conditions as may be made by the authority having jurisdiction over such street. Before entering upon any such street for the purpose of laying, maintaining, repairing, or renewing a sewer, drain, or other works, the regional district shall give at least thirty days’ notice of such contemplated action to such authority, but it shall be lawful for such authority to waive the giving of such notice or to shorten the period thereof.

“(b) Whenever the regional district shall dig up any street for any of the purposes aforesaid, it shall, so far as practicable, restore the same to as good a condition as the same was in before such digging began; and the regional district shall at all times indemnify and save harmless the municipality within which such digging occurred against and from all damage which may be recovered against such municipality by reason of anything done or omitted by the regional district, and shall reimburse it for all expenses which it may incur by reason of any defect or want of repair of any street caused by the construction, maintenance, repair, or renewal of any of the said sewers, drains, or other works.

“(c) No compensation other than as provided in this section shall be made by the regional district in respect of anything done by the regional district under this section.

“14. The Regional Board may make regulations for the purpose of

“(a) minimizing the entry of surface and rain water, taking into account the conditions which exist at the time of the coming into effect of these supplementary Letters Patent;

“(b) controlling the quantity and quality of sewage discharging into its facilities.

“15. Notwithstanding anything to the contrary contained in the Letters Patent of the regional district or in these or any other supplementary Letters Patent relating to the regional district, in the event that any Director representing a member municipality affected or likely to be affected by a question as to the proportions in which the several parts of a facility are to be allotted pursuant to paragraph 5 hereof, or as to the amount of the compensation for works acquired pursuant to paragraph 10 hereof, or as to the design of the work pursuant to paragraph 9 hereof, shall declare at the meeting of the Board at which it is intended to deal with any such question that he is unwilling to accept the Board’s determination with respect thereto, the Board shall not decide the question but shall refer the same forthwith to an independent professional engineer, whose decision with respect thereto shall be final and binding on the Board and the member municipalities affected thereby. The selection of the said professional engineer shall be made by the Board on a unanimous vote of all

the Directors present at the meeting of the Board at which the selection is made, and failing such vote, by the Chairman for the time being of the Public Utilities Commission, Province of British Columbia, and failing action on the part of the said Chairman within ninety days of the Board's request therefor, by a Judge of the Supreme Court of the Province of British Columbia.

" 16. The aggregate debt other than temporary current borrowings which may be incurred by the Regional Board for the purposes of this Division shall not exceed the sum of 13.21 million dollars."

In testimony whereof, We have caused these Our Letters to be made Patent and the Great Seal of Our said Province to be hereunto affixed.

Witness, Major-General the Honourable George Randolph Pearkes, V.C., P.C., C.B., D.S.O., M.C., C.D., Lieutenant-Governor of Our said Province of British Columbia, in Our City of Victoria, in Our said Province, this twenty-eighth day of December, in the year of our Lord one thousand nine hundred and sixty-seven, and in the sixteenth year of Our Reign.
